

Call for Exhibitions

<http://www.fg2015.org/participate/exhibitions/>

Exhibition submissions

FG2015 is expected to attract between 300 and 400 participants, representing a very focused target group. Therefore, the organizing committee offers companies, scientific publishers and research groups the opportunity to present their current or upcoming products, services or other offerings of commercial nature to the FG2015 audience, as long as they fall within the broad context of face and gesture. The organizing committee especially encourages exhibitors to showcase the effectiveness of methods developed in the past FG conferences. The solutions currently under development, or at the early commercialization stage are encouraged as well.

Prospective exhibition participants should fill out and submit an exhibition application form ([.doc](#), [.pdf](#)) which should list the requirements of the planned exhibit (space, power, internet connection, etc.) All the submitted exhibits will be reviewed and selected based on the degree of quality and appropriateness for FG2015. The required sponsorship for participation in FG2015 exhibition is \$1300 per table.

Important dates

- Application deadline: January 27, 2015
- Acceptance notification: February 10, 2015

For further information about exhibitions please contact FG2015 Demo & Exhibition chairs: (janez.pers@fe.uni-lj.si) or Irene Kotsia (irene.kotsia@eecs.qmul.ac.uk). The chairs will consider late applications as well, however, they will be subject to the availability of the exhibition space.
