KARST & COAST MYSTERY – FULL DAY TOUR

Discover the underground world of the Postojna Cave, the most popular karst cave in Slovenia. The guided tour will consist of a ride with an electrical train, followed by a walk through beautiful passages and chambers with spectacular drop stones, pillars, limestone curtains and other unforgettable forms. Continue to the idyllic village of Predjama where you will be amazed by our fairytale medieval Predjama castle with a dramatic setting in the gaping mouth of a cavern halfway up a hillside.

Following the tour we will have lunch in one of typical Karst restaurants. You will try the famous Karst air-dried prosciutto (we like to think it is the best prosciutto in the world) and wine Teran – produced only in the Karst region. We will pass the coastal towns of Koper, Izola and Portoroz before we reach everyone's favorite town on the Slovenian coast - Piran. After the walking tour you can get lost in its medieval narrow streets with typical Venetian-style houses. Its great look and atmosphere will make you come back for sure!
